Mr. Gilchrist, inspector of fisheries, is in town.

Indian agent Williams began paying treaty to Indians to-day.

Major McGibbon, inspector of Indian agencies, is at Saskatoon on his way here.

Considerable repairs and improvements are being made at the police barracks here.

T. Dewan has bought Mr. Cinnamon's house and is making lots of improvements to it.

B. Prince is building a house for the sisters of assumption, which they will use as a boarding house.

Rev. Mr. Hogbin arrived last mail, temporarily relieving Rev. Mr. Matheson of the Church of England.

Mr. Blackwood went east with last stage, after having been in town a few days taking orders for his firm.

The interior of the new school house will be finished in a few days and the school building looks very nice.

Insp. Begin of the N. W. M. has been transferred here from Macleod, and is expected shortly. He is receiving Inspector Seath who went away some time ago.

Messrs. Vachons & Valade, formerly of Prince Albert, have started a tailoring establishment here. They have rented the first story of the new house built by D. Arundel. Patrick O'Meara, photographer, who will shortly be here, will occupy the upper story.

WINNIPEG, October 9.

A bad tornado has swept over Arkansas. Dismark is very sick and may not recover.

Joe Hess, ex prize fighter, and temperance lecturer, is dead.

The bombardment of Rio Janeiro was renewed, and fighting still continues.

There is a prospect of the British embargo on Canadian cattle being removed.

It now transpires that 2,500 people were lost by the storm along the coast of Louisiana.

The British conservatives are confident they could sweep the country in the event of an election.

Reported in Ottawa that Macintosh will be sent governor of Manitoba and A. W. Ross to the Territories.

Closure will be applied in the United States senate on Wednesday to force a vote on the repeal of the silver bill.

Hon. Messrs. Foster and Angers have arrived in Winnipeg and held a conference with the board of trade to-day. They go to the Coast before returning east.

The great yacht race between Lord Dunsaville's yacht Valkyrie and the American yacht Vigilant was sailed on Saturday. The Vigilant won by nearly three miles.

The case against Duncan McArthur for making false bank returns to the Dominion government was commenced last Friday, and an officer of the department produced returns to prove the charge. The case was enlarged for a week.

## LOCAL.

RAIN on Thursday evening.

ST. ALBERT fall show to-morrow.

COURT opened at 10 o'clock to-day.

EDMONTON exhibition Thursday and Friday.

The hose tower on the new fire hall is going up rapidly.

Wild geese were flying south in large numbers on Saturday.

STACKING is finished on Stony Plain. The yield is better than last year.

HOLY Trinity church, South Edmonton, is completed, ready for occupation.

The Edmonton exhibit car passed Fort William on its way east on Friday, September 29th.

Rev. E. B. Glass and Mrs. Glass of the Methodist mission at Whitefish lake left for home on Thursday.

G. H. WHARTON left for Saddle Lake on Thursday with a trading outfit to attend the treaty payments in that agency.

The prize lists for the Edmonton fall show are out and may be had on application to the secretary of the agricultural society.

No service in the Methodist church on Sunday morning as the furnace was not in running order. Service was held in the evening.

The contract of erecting J. T. Blowey's new furniture warehouse has been let to K. A. McLeod. The building is 26x60 story and a half, frame.

A post office called New Lunnion has been opened at the Sturgeon Mill. It is served from Edmonton once a week by way of St. Albert and Nema. J. C. Squarebriggs, postmaster.

CALGARY Herald: A member of the Herald staff gathered a strawberry blossom on Sunday afternoon on the boulevard along the north bank of the Bow river. A silent tribute to Alberta's climate.

JUDGE Rouleau and T. Cochrane returned from a trip up the river on Thursday evening. They were accompanied by D. McLeod and Thos. Henderson. They visited the Hancy gold mine and Coal Oil Creek near Goose Encampment about seventy miles up the river.

The following notice is posted in the post office: "Public notice—Sealed tenders will be received at the Dominion Lands office, Edmonton, for the purchase of the south half of the northwest quarter of section 26, township 32, range 25, west of 4th meridian. Tenders must be over the present price of \$3.00 an acre.

SOME of the German settlers on Stony Plain have small crops of fall, or winter, rye which has done very well. Rye does not require as long a season of growth as wheat, it will stand frost as well as oats and much better than wheat and makes very strong flour. The poorer people in Sweden and Russia live almost entirely on rye bread.

A NOTICE in the post office announces that hereafter cheques will not be received unless marked by the bank, and postage stamps will not be sold on credit.

THOS. H. Ingram will have an Alexandra cream separator on view at St. Albert and Edmonton exhibitions this week. The machine will be in full operation.

A BRANCH of the Canadian Mutual loan and investment company is being established in Edmonton, this company having taken over the business of the Standard loan company which did business here last year.

A MEETING was held at Mrs. J. T. Blowey's residence on Saturday afternoon last, to organize a circle of "King's Daughters." There was a good attendance. Mrs. Blowey was elected president; Miss L. M. Osborne, vice-president and Miss Ida Trimble secretary.

ON Tuesday last, October 3rd, eight cattle were found dead in Dog Creek on Stony Plain. The creek is very narrow and runs in a deep bed or ditch. Although there is very little water in it, when the cattle got into the ditch they were unable to climb out, and perished. Five head belonged to Mr. McDermott, one to Walter Sims and two to a German settler.

THOS. Henderson of Rabbit Hill has taken 800 pounds of honey from his bees this season, about 500 pounds being extracted honey and 300 pounds in the comb. The honey was taken from twelve swarms, the remaining swarms not having wintered well were not in condition to furnish a surplus. Mr. Henderson has 45 swarms to go into winter with and all have abundance of honey. The past season was very good for honey, one of the best and longest there has been since Mr. Henderson began to keep bees in 1888. The flow cut nued until September 16th, but ceased entirely then.

EVENING Journal, St. Thomas, Ontario, September 25: "A quiet wedding was solemnized this afternoon at 'Beechwood,' the residence of Mr. M. A. Gilbert, when his sister-in-law, Miss Ellie S., daughter of Archdeacon Marsh, of London, was united in marriage to Mr. Alex. Taylor, of Edmonton, Alberta. The bride was supported by her sister, Miss H. F. Marsh, Toronto, and by Miss Wilhelmina Gilbert, and the groom by Mr. W. L. E. Marsh, barrister, Toronto. The ceremony was performed by Rev. J. A. Macdonald. Mr. Taylor is postmaster and clerk of the court at Edmonton for which place he and his bride will shortly leave."

It is reported that the new government building in Edmonton will not be occupied by the land and registry offices during the coming winter although the body of the building has been completed for over a month, on account of the arrangements for putting in the hot air furnaces not having been made. If this is the case it is really too bad. Although the building is not beautiful to look at it is most substantial, and well fitted for the purposes for which it is intended. Considering the safety which would be assured documents affecting hundreds of thousands of dollars worth of private property by the occupation of the new offices, on account of the excellent fire proof vaults connected with them, it is little short of criminal negligence to keep these documents as at present without adequate safe accommodation a day longer than is necessary. As the danger from fire is greater in winter than in summer a special effort should be made to have the offices removed before the setting in of the cold weather.

JOHN E. Forslund and Hugo E. Carstens, of the Dominion government immigration and intelligence office, Winnipeg arrived on Monday's train. Mr. Carstens will go to Germany in the interest of immigration during the coming winter and is making a tour through the Northwest for the purpose of informing himself as to the character of the various parts of the country and the success of the several German settlements. Mr. Forslund accompanies him on a similar mission. They spent Tuesday, Wednesday and Thursday in visiting the German settlements at Beaver Hills east of Fort Saskatchewan, on Stony Plain and at Rabbit Hill, three widely separated localities. They found the settlers prosperous and contented in all cases their crops were good and cattle fat and thrifty. The settlements at Rabbit Hill and Stony Plain showed a large increase, but the increase at Beaver hills was not so marked owing to settlers of other nationalities crowding around them. The Rabbit Hill settlers were particularly strong on good buildings. Mr. Carstens is delighted with the country itself as well as with the progress of his fellow countrymen. He is particularly struck by the rank growth of vegetation in this district as compared with any other part of Manitoba or the Northwest that he has seen.

"THROUGH Canada with a Kodak," by the Countess of Aberdeen is a 250 page book profusely illustrated and artistically printed, giving an account of the trip through Canada made by the Earl and Countess of Aberdeen in 1891. The contents of the book were first published as letters in the children's magazine, Onward and Upward, of which Lady Aberdeen is the editor and moving spirit. The preface says of the papers contained "They are merely the passing and superficial notes of a traveller journeying rapidly through the country, and desirous of conveying some impressions of the rich and varied attractions presented by the Dominion, and which appear to be but very imperfectly realised by those at home, whether by the holiday seeker or the intending settler. They do not aspire to deal with Canadian life or politics but are merely recollections of delightful holiday trips made charming not only by the beauties of nature but by the extraordinary kindness and hospitality of people of all classes in Canada." Although this book is published chiefly for old country readers, and as such will be both interesting and valuable, it is not less interesting or valuable to residents of Canada itself, where in the struggle to get ahead many people see nothing but the difficulties in the way, and forget the good qualities of their neighbors, and of the country in which they live. Although the talented and titled author looks with a kindly favorable eye on all she sees, there is no exaggeration. Considering the point of view, the reading matter is as accurate in its descriptions as are the numerous Kodak pictures which ornament the pages.

COLD last night but mild and cloudy to-day.

Found. A buffalo robe. Apply at this office.

THE leaves have nearly all fallen from the trees.

Rev. C. Cunningham left for Lake St. Ann to-day.

THREE inches of snow fell at Saddle Lake and Victoria on Saturday. It is all gone to-day.

Miss Whitlaw, who came in from Whitefish lake last week, went south on Friday's train.

H. PARADIS of Horse Hill has made 2,000 pounds of cheese this season which compares very favorably with the imported article.

H. DOUGLAS of Calgary is expected to arrive on to-night's train to act as judge on horses in the Edmonton show on Thursday.

E. BETOURNEY, inspector of Roman Catholic Indian schools, arrived from Battleford yesterday by way of Fort Pitt, Cold Lake and Lac la Biche.

A SCHOOL meeting to vote on the erection of Stony Plain school district, will be held at John Turner's residence, Stony Plain on Monday, October 23rd.

CAPT. Segers of the H. B. steamer Grahame, on Lake Athabasca, has been ill at the residence of his daughter Mrs. F. D. Fortin, but is recovering.

ON Saturday before Mr. McCauley and J. A. McDougall, J. P.'s J. W. Tingley of Poplar lake, was adjudged insane, and was removed to Fort Saskatchewan for safe keeping.

At a meeting at St. Albert yesterday the people decided to have the hill approaching the bridge levelled down by days' labor instead of contract. The work will cost about \$700.

ANGUS McKay, manager of the government experimental farm at Indian Head is expected to arrive on to-night's train, bringing samples of the products of the farm there for exhibition, but not for competition.

D. E. NOYES says that the mica brought in by D. McDonald last week comes from the west or British Columbia side of the mountains and is located and being worked to some extent by a man named Vick or Victor of Kamloops, but owing to the difficulty of getting the mica to market he has lost money on it, so far.

J. WALTER, carriage maker, is building 100 pairs of bob-sleighs for the winter trade, and is preparing to build the same number of jumpers. The wood and iron are imported in the rough state, and are worked up in the shop. This is a guarantee of good material, such as does not exist in the case of imported made up work, in which the paint may cover a multitude of flaws.

A LETTER dated Ottawa, October 1st was received last mail from Geo. S. Long who went east as a delegate with the Edmonton exhibit on September 15th. It appears from Mr. Long's letter that nothing had been done up to that date, and that while it was expected that a move would be made in a day or two, there was no certainty. The samples had arrived at Ottawa and the C. P. R. people there were well pleased with them, saying that they were the very best that had yet come from the west. The delegates were awaiting instructions from A. McNicol, general agent of the C. P. R. in Montreal.

CALGARY Herald: W. McDonnell, of the firm of McDonnell & Ramsay, traders at Wetaskiwin and other points north, came in on Tuesday's train. He finds the freight rates on the C. & E. so high that he has made up his mind to revert to the good old cayuse and cart method of transportation, and is now shipping 28,000 lbs by trail to Wetaskiwin.

It was like old times returned to see a freighting brigade loading at the depot yesterday with freight for the north. The same manner of carrying freight into the Prince Albert country is also being returned to. When a man with a horse and cart can enter into successful competition with a railroad, it creates a decided impression that there is something wrong somewhere.

ON Wednesday last at Fort Saskatchewan before Supt. Griesbach and Insp. Howard, J. P.'s, John Wilson was charged by license inspector Glover with selling liquor without a license and was fined \$50 and costs. The decision was appealed from. C. M. Woodworth for the prosecution, J. C. F. Bown for the defence. The case was peculiar in that the defence set up was that Wilson was steward of a social club which had been organized at Fort Saskatchewan, that he was under salary from the club, and that members of the club in purchasing liquor from him were merely drinking their own liquor, as they had a right to without a license. On the other hand it was held that if Wilson, not having a license, sold liquor to any one, whether a member of the club or not, he was guilty of an infraction of the license law.

WORD reached town this morning that Alex. McNabb, one of the first settlers on Stony Plain had died, suddenly last night. He had not been feeling well for some days, but on Sunday had walked several miles, to a friend's house and returned. After doing the chores around the place for the night he retired to bed. About nine o'clock Mrs. McNabb and her sister who were in another room, heard loud sounds as if Mr. McNabb was in distress. On going into the bedroom he was found face downward on the pillow, dead.

Dr. Tofield, coroner, went to the Plain this forenoon to view the body. Deceased was born near Beaverton, Ontario, and was 44 years of age at his death. He came to Edmonton in 1881, and settled on his present farm on Stony Plain in the same season in partnership with John McPherson. For several years they were the only settlers on the Plain. By hard work and careful management the partners not only demonstrated the capabilities of the district, so that it is now the most populous settlement around Edmonton, but acquired a fair competence for themselves. Some years ago they dissolved partnership and have since occupied adjoining farms. Mr. McNabb was married in December last to Mrs. C. Hoedel, also of Stony Plain, who is left a widow by his death.

JAS. McDONALD is adding a veranda to his residence.

TRAIN two hours late to-day. Three cars way freight, one car stores.

At a meeting of the Edmonton Electric Light company held on Saturday evening last it was decided to replace the present dynamo with a new one which would give an increased capacity of 250 lamps. The present dynamo will be taken in part payment for the new one. The present power will be increased to a power of 2,000 lamps. Jas. Bell has been engaged as assistant engineer for the winter months.

The Delineator for November is the first of the three great winter numbers, and is a splendid specimen of this popular magazine. All the needs of ladies, misses and children are fully considered in the styles for the coming season, which are sensible and beautiful in themselves, and are most attractively displayed. Around the Tea Table treats of current fancies, the Foral Article for the month is on the culture of Lilies, and entertainment for Autumn days and relaxation for the longer evenings provided in A Harvest Home and A Geography Party. In addition there is continued instruction in netting, knitting, crocheting, lace making, etc., etc. This magazine should be in the hands of every housekeeper. One year's subscription, \$1; Single copies, 15c. Address orders to the Delineator Publishing Co. (Ltd.), 33 Richmond Street West, Toronto.

A COPY of "The Canadian Indian" printed and published by the Northwest Indian department at the World's fair in Chicago is to hand. In appearance it resembles the first issues of the BULLETIN in size, having four pages with two columns to each page. The announcement says: "The Canadian Indian will be issued every week till the close of the World's Columbian exposition, from the Indian court of the Canadian section in the manufacturers building by the Indian boys and girls who are there from different industrial schools established by the Canadian government in Manitoba and the Northwest Territories. The announcement is over the signature of Charles de Cazes, in charge of the Canadian Indian court. The paper says: 'Sister Machelosse of St. Albert, left on the 14th September with the Indian children who have been carrying on the work of the exhibit since the beginning of the fair.'"

EDMONTON BULLETIN, OCTOBER 9TH, 1893.

## THE BRITISH COLUMBIA MARKET.

The question is often asked, where is the market for Edmonton produce? The answer is contained in the following letters received recently by John Cameron, general merchant, Edmonton, who has written to several British Columbia firms on the subject.

VANCOUVER, Sept. 30, 1893.

CAMERON & Co., Edmonton.

GENTLEMEN:—Can you offer oats or wheat by the car load. If they can be bought at suitable prices, I can take several cars of both oats and wheat. I would like samples. If you do not handle grain would you please give me the address of a good grain dealer in your town and oblige.

Yours truly, H. Y. ARKELL.

NANAIMO, B. C., Oct. 2nd, 1893.

JOHN CAMERON, Esq.,

DEAR SIR:—As we use about one thousand tons of oats and wheat in our business during the winter and spring we will be pleased to receive samples and prices, and if suitable will give you a chance of our patronage, or will receive and sell on consignment.

Yours etc., J. R. JOHNSTONE & Co.

VANCOUVER, B. C., Oct. 2nd, 1893.

JOHN CAMERON, Esq.,

DEAR SIR:—We are open to do business with you and are quite willing to buy your products, if your prices meet your competitors and your products are as good in quality. Send us samples and prices saying whether sacked or bulk, etc.

Yours faithfully, WELSH BROS.

VICTORIA, B. C., Oct. 2nd, 1893.

MR. J. CAMERON.

DEAR SIR:—In reply to your esteemed favor of the 28th ult., would state it would afford us pleasure, if prices will allow, to do some business with you in the grain line. Our requirements are principally for oats and barley. The latter you may not be able to quote for enough for our market, as we are purchasing from the American side and land it here duty paid for \$22 per ton. In oats we shall be requiring a considerable quantity, both for feed and milling purposes. The latter will have to be of first class quality, and we hardly think the article east of the mountains will fill our requirements, but still we will be pleased to receive samples and your lowest prices. The present price here for oats is about \$25.00 per ton, and it is not likely to change much from this during the next few months. If you think the prospects are good for working up a business in this line we will be pleased to make arrangements for taking a considerable quantity. Awaiting your reply, we are,

Yours truly,

THE BRACKMAN & KER MILLING CO.

These letters decide the following points: 1st. That British Columbia requires large quantities of oats, barley and wheat. 2nd. That the prices there are better than the prices of the same articles in Montreal, and 3rd. That what Edmonton should be sending to British Columbia is now being imported from the States. Add to these points the established facts that Edmonton raises a large surplus of oats and barley, and that this is by far the nearest point on the Canadian side of the line at which these products are raised for export, and the conclusion must be reached that if a thriving business is not done during the coming winter the unreasonable cost of transport is what stands in the way.

## THE NEW FREE PRESS.

The following appears at the head of the editorial column of the Free Press of October 2nd:

"On assuming the management of the Free Press, and because that circumstance has excited comment here and elsewhere, it may be considered fitting that I should give some indication of the probable attitude of the paper in the immediate future.

Next to supplying its readers with the latest news and most trustworthy information, and maintaining the high standard in that respect which the paper has attained under its former management, the Free Press will make the advance of Manitoba and the Northwest its principal concern. Its desire will be to render assistance in the development of our western country on lines calculated to benefit those who have here made their homes, and to do so without unnecessary disparagement of those conditions which, though susceptible of improvement, are contributing towards the desired end. Although the province has had difficulties to contend against, a pessimistic view of its condition and the circumstances surrounding it is not the best method of commending it to the attention of the people in other parts.

The Free Press is not intended to be the organ of a political section, or of any commercial enterprise; on the contrary it is free to espouse any cause, or the contention of any party that its editor may deem to be in the interest of the country. Where public duty demands criticism, no political party, nor any commercial undertaking whatsoever, will be held inviolate, but, though it is sometimes difficult to see merit in opinions differing from one's own, the attempt, at least, will be made to answer political and

other fallacies without malicious inference or rancorous expression, without assuming that the holders of wrong opinions are necessarily of unsound mind or unclean character, but without any hesitation in calling a spade a spade. And the measure which the Free Press may mete to others it will be content to receive.

MOLYNEUX ST. JOHN.

Considering the circumstances under which Mr. St. John has assumed control the foregoing is richness itself. The voice is the voice of St. John but the hand is the hand of the C. R. R. A prophet is not needed to foretell that before a year the editorial utterances of the Free Press will have as little influence as those of the Empire.

## 104 PAPERS

—IN A YEAR FOR—

\$2.00.

News of Edmonton and surroundings up to hour of issue.

News of the world by telegraph up to day of issue and from two to five days ahead of any other paper reaching Edmonton.

Controlled only by the proprietor and therefore always ready and willing to speak out for the good of the town and district.

THE BULLETIN is read more generally throughout the Edmonton district than any other paper.

If you want to do business in the Edmonton district you can reach more of the people with a less expenditure of money through the advertising columns of the BULLETIN than by any other means.

Fair advertising rates charged, and like rates to all parties.

No advertising of a questionable nature admitted if its character is known.

THE BULLETIN Printing office is second to none in the Territories. Only first-class type, machinery and paper employed. Printing of all kinds done promptly, neatly and cheaply. Call and see samples of work, and get prices before ordering your printing elsewhere.

A newspaper is not a producing industry, but if properly conducted it assists and stimulates production and progress more than any other single agency of like cost. Money spent towards the support of a newspaper is almost entirely spent within the town in which the paper is published and is therefore not lost to the business of the town.

The local newspaper represents the district in which it is published to the outside world.

Support your home paper liberally if it deserves support, so that it can give the best possible impression of your town and district as a field for immigration and investment.

There is big money for a new town in having a live and interesting paper.
